1. Policy Statement

This policy facilitates the secondment of CCG staff both internally within the CCG and externally within the wider NHS and exceptionally with other non NHS Bodies.

A secondment may be arranged to assist with individual development needs as a result of the appraisal process or be specifically requested for project work where specific skills or specialist knowledge are required.

This Policy will apply to all employees within the CCG.

2. Principles

Secondment requests will be considered in line with business needs and may be refused on that basis.

Staff who enter into secondment agreements will be asked to sign a secondment agreement outlining the terms and parameters of the secondment.

Any individual who agrees to undertake a secondment will be expected to keep any information, which may be made available to them as a direct result of the secondment (e.g. personnel, salary, and business sensitive information) confidential.

Employees on secondment with an external NHS Organisation will retain all of their continuity of service rights with the CCG

Staff who undertake a secondment will be entitled to return to their substantive post on completion of the secondment. Should the substantive post be subject to change this will be dealt with in line with the normal CCG's Change Management Policy or name of relevant staff affected by change policy

The duration of a secondment will vary depending on the circumstances. However, the minimum period is 3 months and the maximum is 24 months, with exceptions to be agreed with the relevant Line Manager and Director.

Support on the application and implementation of this policy is available from the HR Team.

3. Equality

In applying this policy, the CCG will have due regard for the need to eliminate unlawful discrimination, promote equality of opportunity, and provide for good relations between people of diverse groups, in particular on the grounds of the following characteristics protected by the Equality Act (2010); age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, and sexual orientation, in addition to offending background, trade union membership, or any other personal characteristic.

4. Monitoring and Review

The policy and procedure will be reviewed periodically by Human Resources in conjunction with operational managers and Trade Union representatives. Where review is necessary due to legislative change, this will happen immediately.

The implementation of this policy will be audited on an annual basis by the CCG's Executive Management Team

5. Requesting Internal Secondments within CCG

Where a Department within the CCG identifies that a secondment opportunity exists, consideration should be given to the length of the secondment, any training required and the skills set or specialist knowledge required of staff undertaking the secondment.

Depending on the nature of secondment, the vacancy will either be advertised in line with the CCG's Recruitment policy, or a request will be made directly to the relevant department the secondment requires specialist skills or knowledge.

There is no explicit obligation on the manager to release an individual but proper consideration should be given to such a request. Any refusal to allow an individual to uptake a secondment opportunity should be carefully considered and the potential long term benefits to the CCG should not be overlooked. An explanation should be given to the employee if a request is turned down.

Once agreed, Human Resources will liaise with the departments to facilitate an agreement and agree what parameters will be applied to it.

If the secondee is from an external NHS organisation, Human Resources will liaise with both the CCG and the substantive NHS employer to facilitate an agreement and agree what parameters will be applied to it, detailing very clearly the funding arrangements that have been agreed.

6. Secondment of CCG staff to external organisations

Where an individual manager is approached by an external organisation regarding a secondment opportunity for an employee, contact should be made with Human Resources. The opportunity may be advertised depending on the nature of the request. If the secondment is feasible, Human Resources will facilitate the agreement between all parties involved.

Where an employee wishes to pursue a secondment opportunity with an external organisation they should approach their manager indicating that they have applied or wish to apply for an external secondment.

Agreement must be reached on how the secondee/placement individual's salary will be paid and which body will be responsible for meeting any additional expenses such as travel and subsistence allowances.

During the period of the secondment the individual's Terms and Conditions will remain the same and continue to be subject to CCG policies and procedures. Exceptions to this will be agreed in advance between the host CCG, secondee and external organisation.

Secondees are responsible for reporting any reasons for absence directly to both the external organisation and the CCG in accordance with their own absence management policies.

Whilst on any secondment employees will continue to accrue annual leave entitlements and be permitted to take annual leave to their entitlement limit with the agreement of the host organisation. Where an employee takes a period of Maternity/Adoption Leave during the course of the secondment, accrual of their annual leave entitlements will continue to apply.

7. Funding Arrangements

Prior to the secondment taking place, the appropriate manager(s) must liaise with Human Resources and the Finance Directorate to agree who will be funding the secondment and how the

Payment arrangements are to be facilitated. Depending on the individual agreements, it may be appropriate to submit a CCG change form or arrange for a debtors invoice to be raised.

Where the grade of the secondment post is higher than the grade of the employee's substantive post, the full salary cost will be paid by the CCG and recovered from the host organisation. On return to the CCG the employee will revert to their substantive grade and salary.

8. Working Arrangements

For the duration of the secondment or work placement the individual will be required to comply with the working/cover arrangements of the department or host employer. Any agreement to exceed/reduce their contractual working hours will be subject to agreement at the initiation of the secondment and the conditions of Working Time Regulations.

9. Communication

When on secondment, it must be agreed by all parties that three way communication between the secondee, host organisation and the employer is maintained.

Any secondee from the CCG should be kept informed of and consulted about any CCG changes that takes place during their period of secondment.

10. Appraisals

Employees who are on short term (less than six months) secondment should continue to be assessed against their role and objectives of their substantive role.

Employees who are on long term (more than six months) secondment should be assessed against the objectives for the seconded/acting up role.

Appraisal discussions should take place to ensure performance continues to be of a satisfactory standard and that the employee is continuing to meet any performance objectives and develop as appropriate.

11. Managers' responsibilities

For managers who are accountable for managing the secondee it will be their responsibility to outline at the start what their objectives are for the duration of the secondment. Managers must also conduct performance reviews/appraisals in line with the local process in place.

12. Termination or Extension of Secondment

A request for an extension of an existing secondment should be considered in accordance with the needs of the service, and be mutually agreed by all parties and confirmed in writing. If an extension is refused, an explanation should be given to the employee.

The secondment may be terminated by either party in writing with the appropriate or previously agreed notice period as outlined in the secondment agreement.

13. Secondment resulting in Permanent Appointment within the CCG

Where a full recruitment process was carried out for the secondment, the individual may be offered the post, should it become permanent. If a full recruitment process was not followed then a recruitment and selection process will need to be carried out.

14. Appeal

An employee may use the Grievance Procedure if they feel that they have been treated unfairly in relation to application of this policy.
