Rebecca	Kingsnorth	Assistant Director of Primary Care  Member of Primary Care Transformation Board	Yes			My sister-in-law is a salaried GP in City Road Medical Centre. Part of my role is the support of the CCG's delegated responsibility for commissioning core primary care services and the commissioning of Locally Commissioned Services, which can result in changes to funding to Islington practices including City Road.  I will declare this in any meetings where decisions are being taken about either services commissioned from or performance of City Road. This might include decisions taken about LCSs. I would be able to participate in any decision that relates to Islington-wide commissioning of which City Road may be one of many beneficiaries, but not decisions that relate singly to City Road.		18/10/2018
